

## RETRACTION NOTE

---

### **Retraction Note to: In vitro and in vivo human gastric cancer inhibition by Trifolirhizin is facilitated via autophagy, mitochondrial mediated programmed cell death, G2/M phase cell cycle arrest and inhibition of m-TOR/PI3K/AKT signalling pathway**

Ke Zhang, Weidong Liu, Zhan Qu, Qin Liu, Jie Chen, Ran Tao, Youming Deng, Yu Zhang  
Department of General Surgery, Xiangya Hospital Central South University, Changsha, Hunan, China, 410008

#### **Retraction note to:**

**JBUON 2019; 24(3): 1100-1105; PMID: 31424667**

*Following the publication of this article [1], readers drew to our attention that part of the data was unreliable. Then the corresponding author contacted with our journal and stated: We found that some results part were not reproducible and decided to withdraw this article. Given above, we decided to retract this paper. All the authors were informed of the retraction. We thank the readers for bringing this matter to our attention. We apologize for any inconvenience it may cause.*
